

## DD's

Iggy Pop

When you find that you need a break  
Doesn't matter if you're real or fake  
Doesn't matter what they found future things  
In access a many life is gonna stink

I'm on my knees for those DD's  
Why tell a lie, I am stupefied

I'm so happy when I look at them  
Though I'm happy when I'm touching them  
Symbolic of a good atmosphere  
Complications lead to dust disappear

Look at them blow  
What do you know?

And the startle never color this  
If you're ever thinking what I miss  
Cause there's no need that you can manage  
This is basic automatic

I'm on my knees for those DD's  
Why tell a lie, I am mistified

I'm on my knees for those DD's  
Why tell a lie, I am crucified

When you're finding that you need a break  
Doesn't matter if you're real or fake  
Doesn't what the crowd, what you think  
You need sex around your life, is gonna stink

I'm on my knees for those DD's  
Why tell a lie, I am mistified

Double, double, double, double D's  
Double D's  
Double, double, double  
Double, double, double D's

God, you're no freud  
These are my toys  
Think about them every night and day.
