

# A Place Called Home

Ignite

Standin' outside,  
lookin' over a place called home,  
I couldn't stay,  
leaves have fallen,  
wind keeps blowin' colder,  
winter's on its way,  
my bags are packed,  
the car is waitin',  
my greatest fear,  
you left alone,  
once again my life sweet darling,  
I've made my bed,  
it's time to roam  
Long live freedom where I come from,  
place that I call home  
Standin' outside,  
sayin' goodbye,  
it tears me up to go

Thousand miles oceans between us,  
I think about her everyday,  
this plane rides long,  
these wheels keep rollin',  
I call to see if she's OK,  
it's dark and lonely all by herself,  
it tears me up to walk away,  
this time my sweet Nagyí darling I pray I'll see you once again

Long live freedom where I come from,  
place that I call home  
Standin' outside,  
saying goodbye,  
it tears me up to go

Kossuth Lajos azt üzente,  
elfogyott a regimentje  
ha még egyszer azt üzeni  
mindnyajunknak el kell menni,  
Éljen a Magyar szabadság!  
Éljen, a haza!  
Esik eso karikára,  
Éljen, Magyarország!  
a Magyar szabadság  
Éljen a haza!

Long live freedom where I come from,  
place that I call home  
Standin' outside,  
sayin' goodbye,  
it tears me up to go  
Because I feel so scared when you're all alone  
This plane rides long and I miss my home  
I feel so scared when you're all alone  
These wheels keep rollin' on and on, ohoh
