

Pharos

Ihsahn

Faint
Ephemeral bursts of light
Sweep across the sky
A pulsar in the night

Painting dreams and loss
Across a sea of hope and lies
Silent screams
Echo through your eyes

It's what you have longed for
What you could become

Pharos
Pharos
Pharos

Pale
Like a fragile, fading map
Yet, carving out the lines
Seeking contours in the black

It's what you have longed for
(Longed for)
What you have become
(Have become)
So keep alive the fire
(The fire)
Even when the light is gone

Pharos
Pharos
It's what you have longed for
Pharos
What you have become
Pharos
Keep alive the fire
Pharos
When the light is gone
