

Forever Mine

Ike & Tina Turner

If you cushion me in your arms
And say you love me after it's done
There'll be nothing that I could really say
'cause I love you body and soul
And when I have you, I reach my goal
So darlin' say you're forever mine

If let you being poor
I'll love, I'll love you even more
Because luxury, luxury means nothing to me
And when it's all, all said and done
You are, you are the only one
So darlin' say you're mine

Hmm, if let you being poor
I'll love you even more
Because luxury, luxury means nothing to me
And when it's all, all said and done
You are, you are the only one
So darling, darling
Say you're mine
