

# Funkier Than A Mosquita's Tweeter

Ike & Tina Turner

You're nothing but a dirty, dirty old man  
You do your thinking with a one track mind  
You keep reachin' about heaven and glory  
But on your face it shows a different story

Clean up your rap your story's getting dusty  
Wash out your mouth, your lies are getting rusty  
I can't believe nothing you say  
'Cause I'm around and I see what you do

You know you're funkier than a mosquito's tweeter  
You gotta mouth like a herd of boll weevils  
Same old game, you never changed  
Always rappin 'bout the same old thing

Blowin' minds is a thing of the past  
You blew your chance that's why you never last  
You want to be a graduate mother  
But in reality just another brother

You think you slick but you can stand a lot of greasing  
The things you do ain't never really pleasin'  
I can't believe nothin' you say  
'Cause I'm around and I see what you do

You know you funkier than a mosquito's tweeter  
You got a mouth like a herd of boll weevils  
Same old game, you never changed  
Always rappin 'bout the same old thing

You put yourself upon a big stool  
Nothin' worse than an educated fool  
Talkin' sex is your favorite conversation  
But peace and love is a famous generation

What's in your head has really started showing  
Your conversation is gettin' kinda boring

You funkier than a mosquito's tweeter  
You got a mouth like a herd of boll weevils  
Same old game, you never changed  
Always rappin 'bout the same old thing
