

# Gonna Find Me A Substitute

Ike & Tina Turner

I'm gonna find me a substitute  
To try to get my mind off of you  
I need a lover, someone who really cares, yea  
I need a man, a man, a man, a man who really cares

He's got to love me just like you do  
He's got to hug me and pet me too  
I need a lover, someone who really cares, yea yea  
I need a man, a man, a man, a man who really cares

And all the good things that you do  
This man has got to do them just like you  
I'd really love, he's got to give me a thrill  
And then I'll know that his love is for real

This man can't be no fake  
You know his loving's got to be up to grade  
I need a lover, someone someone someone who really cares, yea  
I need a man, a man, a man, a man who really cares

This man can't be no fake  
I said, his loving's got to be up to grade  
I need a lover, and I need someone who really cares, yea  
I need a man, a man, a man, a man who really cares
