

Those Ways

Ike & Tina Turner

You're the one that I dream of
You're the one that makes me care
And you're the one that can be so sweet
But, huh, those ways!

You're the one that can makes me dream
And you're the one that gave me my ring
And you're are the one that can be so sweet
But, huh, those ways!

Ways that makes you so sweet
Ways that makes you turn on me
Ways that makes me wanna sight
The same old ways that makes me cry

You're the one that I'm dream of
And you're the one that makes me care
And you're the one that can be so sweet
But, huh, those ways!

Ways that makes you, oh, so sweet
Ways that makes you turn on me
Ways that makes me wanna sight
The same old ways that makes me cry

You're the one that I'm dream of
And you're the one that makes me care
And you're that can be so sweet
But, huh, those ways...

Hun, oh

Those Ways!
