Daytime  
Catapult  
Heathrow  
You on my voice mail  
I don't know  
If you are  
Genuine  
Or if you want something  
Edited  
Positive  
To negative  
Devil on shoulder  
Look at me  
Look at me  
Tell me you  
You don't want this love

And don't say  
That you never were  
That you never were mine  
And don't say  
That you never were  
That you never were mine

Airport  
Mannequin  
Tigers in  
Tigers in my head  
Why are we  
Always like  
A horror film  
A horror film soundtrack?

Devil on shoulder  
Look at me  
Look at me  
Tell me you  
You don't want this love

And don't say...

Film me while I throw a punch  
Film me while I throw a punch  
Tell me how do I look  
To you?  
Film me while I throw a punch  
Film me while I throw a punch  
Tell me how do I look  
Tell me how do I look now?

And don't say  
And don't say  
That you never were  
That you never were mine

And don't say...

And the wolves are coming  
Yeah the wolves are coming closer still  
And the wolves are coming  
They gather ravens to make the kill

And don't say...
