

## The Midas Wish

Iko

Keep it all in a box  
And turn off all the lights  
That you have inside  
I know you had a midas wish  
And I turned our  
Love into stone

No escape I'm going under  
No escape I'm going under  
No escape I'm going under  
With you

I am broken and all you see  
Is just a wreck  
Scratch off your makeup  
Your face doesn't need it  
Bury your head  
In my heart  
And just count to ten  
Live again

No escape I'm going under...
