## **Can't Help Falling In Love**

Il Divo

Wise men say only fools rush in
But i can't help falling in love with you
Shall i stay
Would it be a sin
If i can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For i can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For i can't help falling in love with you
For i can't help falling in love with you.
