

## EXTRA FR!ES

ILIRA

Friday night in a shiny pink Cadillac  
Drive-in movie, you're all alone eating snacks  
Big butt, but got nobody to grab it  
So what, you don't need no one to clap it

Stay away from your phone girl, don't double text  
Say arigato  
No need for size zero  
Boys only break hearts  
And you shouldn't count no carbs

Big butt and you gotta, gotta show it  
High cut and you gotta, gotta own it  
Steal his fries and then get him out of your head

It's alright, it's alright, don't you worry 'bout no guy  
My advice, live your life  
Go and get those extra fries  
Extra fri-i-i-i-es, fri-i-i-i-es  
It's alright, it's alright, go and get those extra fries

It's alright, it's alright, don't you worry 'bout no guy  
My advice, live your life  
Go and get those extra fries  
Extra fri-i-i-i-es, fri-i-i-i-es  
It's alright, it's alright, go and get those extra fries

Time for you to go melt your plastic Barbie  
Body wavy like you all up in Bali  
Big butt, but got nobody to grab it  
So what, you don't need no one to clap it

Hard to kiss him with cherry pie in your teeth  
Say arigato  
No need for size zero  
Boys only break hearts  
And you shouldn't count no carbs

Big butt and you gotta, gotta show it  
High cut and you gotta, gotta own it  
Steal his fries and then get him out of your head

It's alright, it's alright, don't you worry 'bout no guy  
My advice, live your life  
Go and get those extra fries  
Extra fri-i-i-i-es, fri-i-i-i-es  
It's alright, it's alright, go and get those extra fries
