

## Rich In Love

ILIRA

I was drowning in the water  
I was running out of life  
I was numb, hopeless and lonely  
Now I'm lost in your deep blue eyes

You taught me  
The good things in life are  
The ones you can't find a price for  
Look into in to the wild

Oh baby  
We could get out of town -  
Drive up the coast with the windows down  
I feel so alive

My heart was broke  
It was empty for a million years  
I lost it all with my wasted youth  
Don't need the house in the hills  
Ain't gonna chase that dream  
Coz I feel so rich in love  
Now I'm with you  
I feel so rich in love  
Now I'm with you

They can keep their gold and diamonds  
We got stars - our precious stones  
And if them come, they'll never find us  
We're in the dust on this endless road

The good things in life are  
The ones you can't find a price for  
Look into in to the wild  
Oh baby  
We could get out of town -  
Drive up the coast with the windows down  
I feel so alive

My heart was broke  
It was empty for a million years  
I lost it all with my wasted youth  
Don't need the house in the hills  
Ain't gonna chase that dream  
Coz I feel so rich in love  
Now I'm with you  
I feel so rich in love  
Now I'm with you  
I feel so rich in love  
Now I'm with you

My heart was broke  
It was empty for a million years  
I lost it all with my wasted youth  
Don't need the house in the hills  
Ain't gonna chase that dream  
Coz I feel so rich in love  
Now I'm with you

I feel so rich in love  
Now I'm with you  
I feel so rich in love  
Now I'm with you
