

A nigga broke, all I got is this 1.5, I'ma spliff it though
Broke as fuck but I still get high
Might just go kick a door, then say fuck it and do the time
I might just slit your throat if you fuckin' with me and mines
A nigga broke, all I got is this 1.5, I'ma spliff it though
Broke as fuck but I still get high
Might just go kick a door, then say fuck it and do the time
I might just slit your throat if you fuckin' with me and mines

Listen, I'm in the kitchen with dirty discus, no pots to piss in
30 chickens, we birdy pitching with zips and pop prescriptions
Better giving than receiving, you can get popped for Christmas
So deliberate how beams see you and get you popped from distance
Give a bitch some dick and make her take me to Waffle House
Told her I only like pecans inside my waffles now
Parked the whip then she suck my dick right outside of my partner's house
Ate her pussy, she ain't looking, take her wallet and bounce
Sometimes I think I'm fuckin' crazy, I sit quiet, visualize on no killing bi
tch niggas daily
Sleeping on floors gon' make me go and force niggas to pay me
Can't even feed myself, how the fuck could I feed a baby, bitch?

A nigga broke, all I got is this 1.5, I'ma spliff it though
Broke as fuck but I still get high
Might just go kick a door, then say fuck it and do the time
I might just slit your throat if you fuckin' with me and mines
A nigga broke, all I got is this 1.5, I'ma spliff it though

My subconscious and conscious mind is so beautiful
Law of attraction so non-commandment, so constitutional
My mission is to bring dreams into fruition and not let my Inhibitions hinde
r my inner ambitions, huh
I hate the hate that grows inside of me
Love of another turn brothers into a rivalry
Stop my vices from blinding me so that my eyes can see
But I'm addicted to money and needs for pounds of weed

A nigga broke, all I got is this 1.5, I'ma spliff it though
Broke as fuck but I still get high
Might just go kick a door, then say fuck it and do the time
I might just slit your throat if you fuckin' with me and mines
