I am strengthened in the wave of creation
I am tireless in the sound of creation
I am innocent in the light of creation
I am not afraid, I am not afraid, I am not afraid
Protected by the power of the divine intellect
I am not afraid
Unfolding every moment as knowledge opens me
Receiving more each day
The true meaning of the ancients when they said
I am that, thou art that, all this is that
Marveling at the perfection of a creator who can say
I am one, maybe I'll become many
I am not afraid, creation is my birth
The eye of the storm
Men are able to work and create, I have learned to love
I am not afraid
Cooled by the breeze of celestial birth
I am a leaf carried miles by a single exhalation, yet not afraid to fall
Ooh, is that rain?
Oh, is that silk?
