

Cannibal Hulk

III Bill

If you ever need help after a nuclear assault
Who the fuck you gon' call? Me, Cannibal Hulk
Savages approach with bangers and canister smoke
Who the fuck you gon' call? Call me, Cannibal Hulk
How your daughter been abducted by a cannibal cult
Who the fuck you gon' call? Me, Cannibal Hulk
Gamma radiated Cannibal Hulk, genius and dope
Who the fuck you gon' call? Call me, Cannibal Hulk

Yo, yo
Jump the Grand Canyon barefoot
Throw their helicopter a thousand miles from their hood
I personify rage, used to turn green before I learned to monetize pain
Mangled up coke, ILL BILL, Cannibal Hulk
Burn my internal soul if I ever betray my eternal oath
Family, friends shoot each other in parked cars and
Chairman Alessandro is only two blocks from large Marv
It's forty mill' that got Morty killed, thought he was more wavy
I call my grandmother's sauce gravy
And when the shotty blows, adios
Not proud to say my Uncle Howie shot dope and sold Cosby coke
Artifacts heartbreaking like a teen, suicide bomber attacking Iraq
Beyond rap, society brainwashed, stay calm
Ice Water like Raekwon, they artificial like a prosthetic arm
Listen, the pistol pop like champagne
I rock like Van Halen when they had Dave
Pop the truck for the milly, drug dilly, young BILLY
With chunk jewelry and a cut grilly
Angel dust Gelato, remember that a brand you can trust is the motto
LSD in the fruit punch, it's the I double L, Lefty Two Guns
Trust me, you don't want the smoke
Fuck around, transform into Cannibal Hulk

If you ever need help after a nuclear assault
Who the fuck you gon' call? Me, Cannibal Hulk
Savages approach with bangers and canister smoke
Who the fuck you gon' call? Call me, Cannibal Hulk
How your daughter been abducted by a cannibal cult
Who the fuck you gon' call? Me, Cannibal Hulk
Gamma radiated Cannibal Hulk, genius and dope
Who the fuck you gon' call? Call me, Cannibal Hulk
