

## CHRISSEY SNOW

III Bill

My shooter really do this with the UZI in Jerusalem  
[?] lookin' like a Jewish Huey Lewis  
Speed boats off the Greek coast, we grasp and we toast  
She had a mean ass and a deep throat  
A drug dealer's peripheral, a nipple fulla sniffable  
Dominican blow was called Chrissy Snow  
3 Sclupa needs a 8 ball, meet me at the Regal Theater  
In the back booth seated with the Deagle  
Re-revolutionize the crack deal  
Make the workers rock their titties out so they can't steal  
I'm a champagne problem on a beer budget  
In other words I'm a problem you can't afford to fuck with  
Hit with bullets respond with warheads  
My God vs. your God until we all dead  
My Gucci cost more than your entire life  
Buy it twice  
My drip like the eyes of crying Christ
