

Higher Power

III Bill

Anybody can get laid, I mean... That's why I said three women. Each one gives you what you want, not just the lay, but the companionship of being held when you're sleeping, or you holding her, you know? Can't get that from... Can't get that from playing the guitar! Know what I'm saying?

Some people can

Oh, I don't know anybody who went that much, that high, where guitar made 'em cum. You know what I'm saying? But uh, you'll have a black girl for two days, hispanic girl for two days, and the white girl for two days. And on the seventh day?

You jerk off

No, you pray to your higher power...
