Medical students, ex-cons: it's the red Ewings  
We never waste the aprons here only for head shootings  
Tex Watson eighty shots to the head's drooping  
Make your skull [?]  
Drain your plasma like pool filters, a true Mitzvah  
Suzuki sidekick getting throat from two shiksas  
Some Gucci frames like Dana Dane and I make it rain  
Extended clips, I promise you I hit a major vein  
Tuff sweaters, God lecturers and drug getters  
Carve your cerebellum, fill it with chopped meat, like stuffed peppers  
Cinder blocks sit with scimitars from a killer's car  
Got the Lamar Odom bagged up in the winter bars  
We sell Satan, carry the same pain as Larry Davis  
Same gimmick, as Larry David, imagine the hatred  
The relation of shell cases when I splatter your faces  
Incinerators in the projects and smolders all in the basements

I ain't got the patience, B  
I'll deal with you another time  
I'mma key of Perico, you're smaller than a fucking dime  
Think any different, you must be out your motherfuckin' mind  
I must have punched a bunch of faggot fucks like you a hundred times  
.260 Remington is made for the precision

I rap with my hand around my dick like I was pissing  
Poppy like you [?] cooking in the kitchen  
The world is still the same but I'm just looking at it different  
You stupid if you think somebody listening here  
I'm like Marcus Peters locked arms, fist in the air (Fist in the air!)  
Pop this crown, I split it in half like it's a garcia vega  
Body bag duffle, I'll be muscling like Schwarzenegger  
Your whole squad fulla dummies like a strip club  
Mike McCallum's body work, hit him till he piss blood  
Count the number on the beat 666 cause  
The black hills bark and they bite like a pit does

Yo, you a slave to your smartphone  
Triple six, like Darkthrone  
Every man, woman and child shall have a barcode  
Rituals of fire inscribed in charcoal  
Modern 85, I'm occupied by squad goals  
Soldiers that spray the heater couldn't picture a miss  
In front of the pharaoh, make his sword slither and hiss  
You don't believe in God but I'll prove that Lucifer exists  
Leave your wife like Leatherface with hooks through her tits  
[?] I'll send Four Horsemen to clip you  
Grew up in Glenwood Projects homie of course it's official  
You lack the minerals and vitamins, ions and the niacins  
I exist like Leviathan, Iron Fist in a lion skin  
Within a violent empire, riots, sirens and fire  
Wireless virus in an eye of a liar  
Wearing a straight jacket like Eddie on the cover of Piece of Mind  
Chain me to a padded wall and punish me for every crime  
Every thought, unify the heresy and let's be blind  
Suicidal Tendencies tempt me every time  
Goons is deep, black Hebrews is rocking spikes like Rob Halford from Judas P  
riest  
Who's the true and living God and who's the Beast?
