

We rally  
Round the I  
Around the I  
And we never wonder  
And we never wonder why  
Nor will we say goodbye  
That's why we rally round the I  
Round the I

Life's a battle of the network stars  
It's unraveled & mentally scarred  
I gambled on my destiny's cards  
Acapulco gold, jewels and coal  
Fools behold, truth unfolds  
View the road ahead of me, holmes  
I've steadily grown  
My heavenly soul control the deadliest chrome  
But the life of a child is what God has blessed me to mold  
This is something I put before everything, every thought  
Every bit of energy is focused on her every need  
I don't give a fuck how gangster you think you are  
When you witness the birth of your first child it hits hard  
Speaking for myself I'm still speechless  
But I owe it to her to put this into words  
In case I'm not here when she peeps this  
God forbid, I plan to be here 'til a hundred and five  
'Til my great grandchildren are alive  
'Til they listen to this rhyme and wonder why  
We rally round the eye  
It's so we never say goodbye  
Baby girl, it's for you, Riya

I want you to love me  
And never, ever worry  
It doesn't matter anymore  
No more  
It's time for us to rally round the I  
Let's rally round the I  
Rally round the I  
Rally round the I  
Rally round the I

We named you after my mother's mother  
She raised me, now we raise you  
When I look at you, praise due  
Thank God for this beautiful life  
Now everything makes sense, thank God for my beautiful wife  
In Hindu, Riya's a singer, a beautiful voice  
We could've stopped right there, what a beautiful choice  
In Hebrew it means "joy", in Arabic it means "hope"  
In Latin it means "queen", in Yiddish it means "rose"  
To me it means kick down doors with four-fours  
If grandma was still here she'd have given me the chrome  
I don't grind for me no more, I grind for her  
I don't live for me no more, I'd die for her  
Human Rights, we bringing the truth to the light  
Bring the youth to the fight while we shoot through the night

This is dedicated to my wife and my baby girl  
Riya Mae Braunstein, I give you my whole world  
I love you

We rally  
Round the I  
Around the I  
And we never wonder  
And we never wonder why  
Nor will we say goodbye  
That's why we rally round the I  
Round the I
