

# Live Like There's No Tomorrow

III Niño

Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck  
Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck

I wish that you could find a cure, a new solution  
I wish that you would make a drug that puts me under  
I wish there was more life when I am sober  
And I resolve as I conclude that  
I'm not crazy  
I'm not crazy

Live like there's no tomorrow  
Die like we'll never follow  
Lets get high like we don't give a fuck  
Lets get high like we don't give a fuck  
Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck

Imagine you, when it's our time the show is over  
Imagine what could never be, you drive me so far  
I wish there was more life that I can show for  
Now I resolve as I conclude that  
I'm not crazy  
I'm not crazy

Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck  
Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck

Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck  
Live like there's no tomorrow  
Die like we'll never follow  
Let's get high like we don't give a fuck  
Let's get high like we don't give a fuck

Live like there's no tomorrow  
Let's get high, let's get high  
Die like we'll never follow  
Let's get high, let's get high  
Live like there's no tomorrow  
Let's get high like we don't give a fuck  
Die like we'll never follow

Let's get high like we don't give a fuck
