

## When It Cuts

III Niño

I cannot justify your envy  
But I will be understanding when you stay  
Then I will satisfy you in every (way)  
But I'm not feeling coherent when you say

When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I die again

Again

Though I'm right, I don't think I'll win this fight  
But I'm trying though it's ripping me inside  
Just in case that I'm taking up your space  
I'll be feeling too, whatever's left inside

When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I die again

I can't go on  
I'm not that strong  
I'm so alone  
You just gotta set me free

I'm still living day, no way  
I don't care what you say  
Your eyes dispise my lies  
Just say goodbye

When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I die again

Again, again

Waste your breath
