

## Life: An Evaluation

**Illdisposed**

I find the beauty of flowers pathetic  
I'm tired of your "sparkling" eyes  
Why don't we just both admit it

Control  
Your face  
Shocked  
Emptiness

It wasn't meant to be this world of lies  
I always wanted something better  
The facts of life has been hidden and disguised

Come on, join the game
