Blame Myself

Illenium

What did I say? What do you want?
I swear, I'll make it up
Oh my gosh, what have I done?

Mmm, pain in my chest, can't get to sleep
In these cold and empty sheets
Where did you go? Why did you leave?

Lie to me
It would help
Just lie to me, say you found someone else

Lie to me
It would help
Just lie to me, say you found someone else
So I don't blame myself

Ooh-ooh, ooh-ooh, ooh-ooh
So I don't blame myself
Ooh-ooh, ooh-ooh, ooh-ooh
So I don't blame myself

So I don't blame myself
So I don't blame myself

Moving too fast, calling it love
Was I just not enough?
Nothing makes sense, it don't add up

Slamming the door, not saying a word
It just keeps getting worse
I'm not okay, honest it hurts

Lie to me
It would help
Just lie to me, say you found someone else

Lie to me
It would help
Just lie to me, say you found someone else
So I don't blame myself

Ooh-ooh, ooh-ooh, ooh-ooh (Ooh, ooh-ooh)
So I don't blame myself (Hey)
Ooh-ooh, ooh-ooh, ooh-ooh (Ooh-ooh-ooh-ooh-ooh-ooh)
So I don't blame myself

So I don't blame myself
So I don't blame myself
So I don't blame myself
