

# Blood

Illenium

We're blood  
We're blood

'Cause when you find your mind in a dark place  
Hold on, it won't be long  
Before you see my face  
I'm coming to the rescue  
Take your hand, comfort you  
It's the least that I can do

'Cause we're blood  
Oh, we're blood  
Oh, we're blood  
Oh, we're blood

I heard you told your friends in the schoolyard  
You were getting it tough, getting it hard  
You know it nearly broke my heart  
I'm coming to defend you  
Live or die, see it through  
It's the least that I can do

'Cause we're blood  
Oh, we're blood  
Oh, we're blood  
Oh, we're blood

'Cause we're blood  
Oh, we're blood  
Oh, we're blood  
Oh, we're blood  
We're blood  
Oh, we're blood  
Oh, we're blood  
Oh, we're blood

We're blood
