

# In My Mind

Illenium

Like a faded memory  
You'll always have a piece of me  
I almost gave you everything and more  
Fell for you like pouring rain  
But somehow we got washed away  
There's something that my heart's still waiting for

I will smile and say I'm moving on  
But my heart betrays me in a song  
And I know, I can't let go  
And if you asked me how I really feel  
Would I even tell you that it's real? Would I hide deep inside?

In my mind  
In my mind  
It's still you and I, you and I  
In my mind

'Cause we never said goodbye  
(Yes)  
We never said goodbye, oh  
'Cause we never said goodbye  
(Yes)  
We never said goodbye, oh

In my mind  
In my mind  
It's still you and I, you and I  
In my mind

(You never said goodbye)  
(You never said goodbye)  
(You never said goodbye)  
(You never said goodbye)  
(You never said goodbye)

I don't know how a single word  
Can hold you when it's left unheard  
Even when I know we're worlds apart  
And if I could turn back the days  
Is there something that I'd change  
Or am I just in love with dreaming of your face?

'Cause if you asked me how I really feel  
Would I even tell you that it's real? Would I hide deep inside?  
In my mind  
In my mind  
It's still you and I, you and I  
In my mind

'Cause we never said goodbye  
(Yes)  
We never said goodbye, oh  
We never said goodbye  
We never said goodbye, oh

In my mind

In my mind  
We never said goodbye
