

# Lay It Down

Illenium

Lately, I've been  
Scaring myself  
Going through changes  
But I need to let you know

Maybe I'm in  
The dark, no lighthouse  
I know I kept you waiting  
But I can't do this alone

Yeah, it's a long way back but I'm falling  
I been tryna cure my head, full of toxins  
I don't wanna drag you down where I'm failing  
But I don't wanna lose you now, so I'm saying

I would lay my guard down for you  
I would lay my guard down for you  
I would lay my guard down for you  
I would lay, I would lay, I would lay it down for you

I'm unravelling  
Cracking open (I'm cracking open)  
Losing grasp of  
Someone I used to know

Will you find me (Oh, will you find me)  
Somewhere halfway? (Somewhere halfway?)  
I know I kept my distance  
But I can't do this alone

Yeah, it's a long way back but I'm falling  
I been tryna cure my head, full of toxins  
I don't wanna drag you down where I'm failing  
But I don't wanna lose you now, so I'm saying

I would lay my guard down for you (Lay down, lay down, lay down)  
I would lay my guard down for you (Lay down, lay down, lay down)  
I would lay my guard down for you (Lay down, lay down, lay down)  
I would lay, I would lay, I would lay it down for you

I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you

I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you  
I would lay, I would lay, I would lay it down for you
