

Lifeline

Illenium

Got no time
For this life
Drownin' tonight
Tryna grab onto the lifeline

It's time to die
I know that I could cry tonight
But I just wanna disappear
Before my body's layin' here
Soulless and passed out

Was lost when you found me
Your spirit surrounds me
So lonely, so lonely
When will I find you there?

Got no time
For this life
Drownin' tonight
Tryna grab onto the lifeline
Sleepless nights
I'm not alright
Drownin' tonight
Tryna grab on to the lifeline

The fence is broke, the safety's gone
No weapon left to guard my heart
I wanna run, but running's hard
When did my legs fall apart?

Was lost when you found me
Your spirit surrounds me
So lonely, so lonely
When will I find you there?

Got no time
For this life
Drownin' tonight
Tryna grab onto the lifeline
Sleepless nights
I'm not alright
Drownin' tonight
Tryna grab on to the lifeline

I destroy everything, I destroy it
I destroy everything, I destroy it all
I destroy everything, I destroy it
I destroy everything, I destroy it all
I destroy everything, I destroy it
I destroy everything, I destroy it all
I destroy everything, I destroy it
I destroy, I destroy

Got no time
For this life
Drownin' tonight
Tryna grab onto the lifeline

Sleepless nights
I'm not alright
Drownin' tonight
Tryna grab on to the lifeline

Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
Will you save me? Tell me, will you save me?
