

# Refuge

Illenium

When the world gets too loud  
You pull me to safety  
Your love is my protection  
Oh, when I spin in dark clouds  
I know they could break me  
You turn in my direction

Oh, love was never a game with you  
I feel safe, I feel safe with you

You're my refuge, my shelter from the rain  
And I won't let you leave my side again  
You're my refuge, my shelter from the rain  
And I won't let you leave my side again  
You're my refuge when life's a hurricane  
And you're my refuge from storms inside my veins

When my head's inside out  
You're right there to save me  
Without asking a question

Oh, love was never a game with you  
I feel safe, I feel safe with you

You're my refuge, my shelter from the rain  
And I won't let you leave my side again  
You're my refuge when life's a hurricane  
And you're my refuge from storms inside my veins

You're my

You're my refuge when life's a hurricane  
And you're my refuge from storms inside my veins
