

With All My Heart

Illenium

If I measured my mistakes
And the decisions that I've made
They're like a song I wrote with foolish words I can't erase
And I hope that when I'm gone
You'll forgive me, all my wrongs
Say a prayer for me, I know I don't deserve your love, yeah

I used to hear 'em say
People don't ever change
But I'm growin' out of who I was, yeah
Two rights don't fix a wrong
But I know it won't be long
'Til you turn me from the man I was

So with all my heart, I'm gonna love
With all my heart, I'm gonna trust
With all my heart, I'm gonna give you everything
So with all my heart, I'm gonna try
To play my part, to turn on the lights
When things get dark, I'm gonna give you everything (Oh)

With all my, with all my, with all my heart
With all my, with all my, with all my heart
With all my, with all my, with all my heart
I'm gonna give you everything

Don't wanna look at where I've been
I wanna look at where I'm goin'
Let my mess become my message, it made me who I am

I used to hear 'em say
People don't ever change
But I'm growin' out of who I was, yeah
Two rights don't fix a wrong
But I know it won't be long
'Til you turn me from the man I was

So with all my heart, I'm gonna love
With all my heart, I'm gonna trust
With all my heart, I'm gonna give you everything
So with all my heart, I'm gonna try
To play my part, to turn on the lights
When things get dark, I'm gonna give you everything (Oh)

With all my, with all my, with all my heart
With all my, with all my, with all my heart
With all my, with all my, with all my heart
I'm gonna give you everything

With all my, with all my, with all my heart (Ooh, with all my heart)
With all my, with all my, with all my heart (Ooh)
With all my, with all my, with all my heart
With all my, with all my heart
