

With Your Love

Illenium

I've been messed up
I've been lonely
Burning both ends
Living only
For the quick highs
Like a sunrise
It'll always come down

I've been sideways
I've been empty
I was built that way til you met me
Had a wild ride
Oh but that life
Feels a couple worlds away from now

I've been thinking bout that night
Halfway to heaven
Nearly lost my life
Lost but I found it with your love
I found it with your love

I've been thinking bout that day
Laid down my weapons
Threw my past away
All 'cause you showed up with your love
Showed up with your love

With your love
(Woo ooh ooh) (woo ooh ooh) (woo ooh ooh)
With your love

With your love

Now I'm so done
Moving on now
Holding someone
Standing on solid ground
Yeah it took time
Wasn't a straight line
But every road led to you somehow

I've been thinking bout that night
Halfway to heaven
Nearly lost my life
Lost but I found it with your love
I found it with your love

I've been thinking bout that day
Laid down my weapons
Threw my past away
All 'cause you showed up with your love
Showed up with your love

With your love

With your love
(Woo ooh ooh) (woo ooh ooh) (woo ooh ooh)

With your love
