

I got a slice in my bed  
I got my heart in my head  
I got the impending dread  
I got the magical thread  
I lost the keys to the van  
I lost my man to my mans  
I lost a leg in the sand  
I bought the grocery store brand

I took a ticket to die  
I took the heart of a spy  
I took your terrible try  
I took ya...  
I am a get-up-and-go  
I slam a Topo Chico  
I left with such a lame soul  
You gotta get up and go  
Now all the coffee is hot  
While you were chewing your slot  
I can't believe that you saw that time I landed a kickflip

When every day is the same  
When every day is the same  
When I am tired and strange  
When every day is the same  
Every day is the same  
When every day is the same  
When I am tired and strange  
When every day is the same
