

## How Many Times

Illusion

Hey man I wanna tell you something  
I wanna show you our streets  
Where the pieces of paper screaming to us  
Where the spray's slogans screaming to us

How many times...

New generation thristing a power  
New sucker wanna be a superman  
Don't let them use you brother  
Don't be another hero  
Don't let them use you as a victim  
Don't let them use you brother  
Hey man free your mind

How many times...

Beginning of big changes  
It's a new truth , but their truth  
Big shit , mambo-jumbo - big shit  
Don't let them use you brother  
Don't be another hero free your mind

How many times...

I think we kick their ass once more.
