

## Cheap Seats

Illy

I heard 'em say that we're impulsive  
Yeah but at least we're honest  
And all of us just like me  
With full hearts and empty wallets  
100 miles and running no such things too hard too soon  
Waking up mid afternoons on dark sides of our rooms, like

Oh my god, I'm running late tonight  
I'm running late again  
I'll apologise to my friends like  
Oh my god, I'm on an empty tank  
Already late on rent  
But tonight we're kings amongst men here cause

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

Gimme real over industry all day, all that glitters ain't glamorous  
When the hands are shook  
And the drinks are drank, my take aways this ain't adding up  
I'm on the next flight home, to get roasted  
By old friends that all know my blood  
It's nice now, but I'ma be straight up  
Way more fun when all we had was us, like

Oh my god, I'm running late tonight  
I'm running late again  
I'll apologise to my friends like  
Oh my god, I'm on an empty tank  
Already late on rent  
But tonight we're kings amongst men here cause

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

Yeah I bet that party hectic  
But I could not care less I  
Got my bredren, count my blessings  
Got my inner circle no extras  
We'd rather trash the hotel room  
Than hang with influencers  
Just giving y'all the heads up  
Just because yeah, just remember man that

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

We don't need 15 minutes in the spotlight  
It's so lame in the VIP  
We had more fun being outsiders  
Throwing empty bottles from the cheap seats

From the cheap seats yeah, the cheap seats yeah  
Throwing empty bottles from the cheap seats  
From the cheap seats yeah, the cheap seats yeah  
Throwing empty bottles from the cheap seats
