

Yeah

I used to wish I was a grown up  
I thought I'd miss out if I don't rush  
Took the call to action like the phone rung  
Grew up fast  
No late bloomer, didn't stop to smell a rose once  
Covered all my bases like a home run  
I never got the memo  
That once I got there I could never get home  
Back then was an easy thing to let go  
I didn't blink, didn't think twice  
Eyes too focused on the next  
I wish someone had told what I'd miss

Here's to all the kids  
Hiding in the bathroom  
Sittin' on their own there  
Listening to sad tunes  
All the kids  
You don't know you're the one yet  
Life has just begun here  
You don't understand what's coming  
Oh just focus on the moment  
One day soon the whole world will be yours  
Here's to all the kids  
Oh-oh  
Oh-oh

Man I couldn't wait til I was bigger  
Ooh I wish it happened quicker  
I used to hate what I'd see in the mirror  
I thought the grass was  
Always greener on the other side from where I was  
Thought I'd be stuck in there forever  
For all the sticks and stones I've been thrown  
I always found how to grow  
Now I can't tell you much but if there's one thing I know  
It's fuck the world if they ain't with ya  
The one and only truth is  
Your story gon' begin and end with you, kid

Here's to all the kids  
Hiding in the bathroom  
Sittin' on their own there  
Listening to sad tunes  
All the kids  
You don't know you're the one yet  
Life has just begun here  
You don't understand what's coming  
Oh just focus on the moment  
One day soon the whole world will be yours  
Here's to all the kids  
Oh-oh  
Oh-oh  
Here's to all the

For all the good and bad

These moments too shall pass  
We'll never be here again  
Onto another page  
The story starts today  
Oh I can't wait to begin  
So

Here's to all the kids  
Hiding in the bathroom  
Sittin' on their own there  
Listening to sad tunes  
All the kids  
You don't know you're the one yet  
Life has just begun here
