

Last Laugh

Illy

Well well, hate saying told you so
Hold up, wait no I don't
That's my favourite thing of favourite things
Oh that's how you feel huh? Okie-doke
Yeah love it when they all complain, its only luck
Then I do same again, in god we trust
I don't wanna complicate it, y'all get touched
I'm running over all your lanes in monster trucks
And yo, went from a deer in the headlights to headlines
Fell down nine but I got 'em on the tenth time
Blow up like a land mine, man like
Sick made 'em throw up like a gang sign, bad vibes
Shit, didn't plan that react
I'm just trying to kick it like a hacky sack
Just so happens what I'm saying matches facts
I'll leave it there I'll let that be that, y'all know

I put them in their place like voila
I pulled that rabbit out the hat like tada
I put the bullshit to bed like nigh night
Cause man, ain't nobody got time, so bye bye, hell yea I got the

Last la ah ah ah augh
Remember when they'd all be like hahahaha
Think I gave a shit ah hell nah ah ah ah
Now here we are, fill your glass eat your heart out till you can't
I guess I got the last laugh

Til I'm wheezy breathing, on the scene like
Leave it leave it
Over eager people pleasing
I don't need it, y'all can keep it
Yo their two cents not my business
Clean up my act wait a gosh darn minute
Like what, what the frick? Nah fuck it
I'm potty mouth 'til I kick that bucket
And yo, its easy as ABC's
Used to hate every little thing that made me me
All the posturing lost in the make believe
But since I bailed on it swear that I ain't been beat
I'm like jeez what up with that?
No way its put out if not up to scratch
All over that block out the whack
Technical knock out the track, goddamn

I put them in their place like voila
I pulled that rabbit out the hat like tada
I put the bullshit to bed like nigh night
Cause man, ain't nobody got time, so bye bye, hell yea I got the

Last la ah ah ah augh
Remember when they'd all be like hahahaha
Think I gave a shit ah hell nah ah ah ah
Now here we are, fill your glass eat your heart out till you can't
I guess I got the last laugh

Yeah jokes on you

Every time they swore that I'd lose, well
Jokes on you
Sat and took it I kept my cool, now
Jokes on you
Don't get it confused
Mama didn't raise no fool, she told me get the
