

Oh My

Illy

Yeah

She gotta work out a [?]

She bail on her day job 'cause they got

New orders to wait on

New York is an [?]

Spent years on her plans to ditch a plan

One spark went inside the avalanche

Whole world out there she said [?]

You can tell that by the Instagram

You gonna run the world someday

But someday can wait, it's not today

But that's okay, that's alright, you're well on your way

And things might get more great, they fall into place

(I know) And even when I get it

I don't (I don't)

'Cause it's your story, so it's your story

Full of your highs and your lows, and

All my better days

Where you running from?

When you come back again

Won't you hang 'round a little longer

All my better days

I don't know where you go

I don't know what to say, but

You don't know what you're missing

You don't know what you're missing

You don't know what you're missing

And the early bird hit its mark

So she gettin' dressed for work when it's dark

First in the class, first on the dance-floor

First sight, it works like a charm

New thing, she probably won't do that

In-between Girls and Orange Is the New Black

[?] besides that

And the cocktails take her mind off the fact

There's a lot going on and she don't wanna deal

Stuck in the middle among all the feels

And a broke heart took all summer to heal

Don't need to say it, the struggle is real

(I know) And even when I get it

I don't (I don't)

'Cause it's her story, so it's her story

We're just seeing the parts that she choose to show, we say

All my better days

Where you running from?

When you come back again

Won't you hang 'round a little longer

All my better days

I don't know where you go

I don't know what to say, but

You don't know what you're missing

You don't know what you're missing
You don't know what you're missing

I'm like on my way up
Oh my, she's everything
Oh my, straight up
Oh my, she's out to get it
She nothin' to fuck with
If she said it she meant it
She said she gonna run shit
I wouldn't bet against it

You don't know what you're missing

All my better days
Where you running from?
When you come back again
Won't you hang 'round a little longer
All my better days
I don't know where you go
I don't know what to say, but
You don't know what you're missing

I'm like on my way up
Oh my, she's everything
Oh my, straight up
You don't know what you're missing
I'm like on my way up
Oh my, she's everything
Oh my, straight up
You don't know what you're missing

You don't know what you're missing
