

# Save Me

Illy

Somebody help me  
I need a doctor: CLEAR!  
So put that call out  
There ain't no other option near  
I can hear them sirens, sirens  
coming to revive me, cause  
I'm out here blindin  
My baby, she's on side  
but I don't mind, I'm both sides  
Don't flake, won't front, won't hide  
and her fire the same as mine, so  
we're both in that line of fire  
My baby's a killer: Ain't one thing that I would change  
but she got me in that crosshair: Those arrows on their way  
I'm sayin

(Help me) Come and save me  
Before she puts me straight to the ground  
cause my heart ain't for the taking  
and you know I ain't playing around  
you know that we're side by side  
It's all fair in love and war  
Side by side  
You know it's all fair in love and war  
Love and war

Big threat in a small frame  
Dead set with a sure aim  
An AK to my saw blade  
She don't fight: She play war games  
Little miss misdirection  
Strikes when it's least expected  
Sweet high slash lethal weapon  
Love me then leave me for dead  
Over my head, checking my front  
Watching my back when the next drink comes  
Could be red wine or red rum, ta!  
My advice: Shoot first, or get done  
I've been told that sticks and stones  
My baby's pro with the click, clack toe  
We took ten steps, I tripped, I froze  
She unload, reload  
BAM!

(Help me) Come and save me  
Before she puts me straight to the ground  
cause my heart ain't for the taking  
and you know I ain't playing around  
you know that we're side by side  
It's all fair in love and war  
Side by side  
You know it's all fair in love and war  
Love and war

Fair in love and war (Stood in)  
Silence  
No one made a sound til

Bang, Bang, My baby shot me down

Maybe I won't make it home  
Chalk my name on a grave stone  
Hardly able to say no  
Tempt fate: That's the way it goes  
Said she loved me the most, then  
took aim, let go, unload, unload, unload  
That's all she wrote

(Help me) Come and save me  
Before she puts me straight to the ground  
cause my heart ain't for the taking  
and you know I ain't playing around  
you know that we're side by side (Side by side)  
It's all fair in love and war  
Side by side  
You know it's all fair in love and war  
Love and war (love, war, love, war)  
(love, war, love, war, love, war, love)
