

Whatever You Wanted

Illy

I hope you got whate-whatever you wanted
Crossroads, red eyes, long nights
Hope they meant something
And I just wanted to let you know
I'm on the other side of the phone
But if you never come back home
I hope you got whatever you wanted

Yeah
It's been a minute since I heard from ya
Just checkin' in to remind you what I learnt from ya
Poise in a crisis, grace under pressure
I just hope time helps us change for the better cause
Life's too short for grudges
So good luck to guide your way and strength when it doesn't
Cause life ain't fair
That ain't new
Went our separates, been times wish I went that way too
I'm trying to grow
Trying to let go
I'm used to being fueled by fear of failure the most
But for all the drama, never brushed past fact
I love you till the ink fade on your love heart tatt
You know that
You know that
You know that
You know that
Cause

I hope you got whate-whatever you wanted
Crossroads, red eyes, long nights
Hope they meant something
And I just wanted to let you know
I'm on the other side of the phone
But if you never come back home
I hope you got whatever you wanted

Yeah
Bent backwards to make it work
And made it worse
Game on for than I'd earnt
That's lesson learnt
Yeah
Left it a mess
I guess you got other plans
I can accept but can't pretend that I understand
Cause once them ties cut they stay cut forever
Go my own way for the better
Whatever
I don't hold grudges
Fuck it, it's just a waste
All the fussing boiled down like all came to nothing
But c'est la vie, what don't kill me
Just lead to something stronger like an 8 bar pre
I'mma brush myself down then I'm back up swinging
Cause I always turn endings into new beginnings
You know that

You know that
You know that
You know that
But

I hope you got whate-whatever you wanted
Crossroads, red eyes, long nights
Hope they meant something
And I just wanted to let you know
I'm on the other side of the phone
But if you never come back home
I hope you got whatever you wanted

I hope you got whate-whatever you wanted
Crossroads, red eyes, long nights
Hope they meant something
And I just wanted to let you know
I'm on the other side of the phone
But if you never come back home
I hope you got whatever you wanted
