

# Haunting Me

iLoveMakonnen

You are the one that I want and I need

You are the one that I want and I need  
You are the one that I love, tell me, please  
Why you keep haunting me?  
Why you keep haunting me?  
You are the one that I want and I need  
You are the one that I love, tell me, please  
Why you keep haunting me?  
Why you keep haunting me?

You wouldn't date me, date me, now you try to break me  
You put my heart and now you said you hate me  
Make me, make, try to take you back  
I was talkin' no, but now I'm thinkin' 'bout that  
Thinkin' 'bout the best times when I was your only guy  
And now I'm talkin' to you and I can't seem to tell a lie  
Tell a lie, you see the tears fall down my eyes  
I made those tears fall plenty times  
And I try to dry, I'm out the door  
And I guess I'm all out of luck though  
Uh, but why you keep haunting me?

You are the one that I want and I need  
You are the one that I love, tell me, please  
Why you keep haunting me?  
Why you keep haunting me?  
You are the one that I want and I need  
You are the one that I love, tell me, please  
Why you keep haunting me?  
Why you keep haunting me?
