

Kick It

iLoveMakonnen

Yeah
Yah
Oh My God Ronny

I puff up my chicks like a Nike bwoy (Nike bwoy)
But I can't kick it (I can't kick it)
I'm stripped up the streets like the dudus bwoy
But I can't kick it (I can't kick it)
I'm all about my checks like a nikes
But I can't kick it
I'm stripped up the streets like the dudus bwoy

I can't kick it, I can't kick it
I ain't fucking kicking shit (shit)
I'm here up up in the kitchen whipping up the bricks
I need money, I need money
I need more than I had
Cause, I never grew up with a rick fucking dad
Plus my mom, plus my mom she was a single mom
She had three kids she had, to get it on her own
Once I really found out what was really going on
I told my mama sit down and I'mma get you new home

Cause I'm all about these checks like Nike (yah)
That's why I don't kick it (I don't kick it)
I'm strick up in the streets like a dudus
That why I can't kick it (I don't kick it)

I'm on the block (I'm on the block)
I steady serve the white
I remember some nights I gotta serve the ground
I wasn't pleased of what I did man I had fucking frowns
I lost so much fucking friends I buried them in the ground
I'll be crying, I'll be crying
So many fucking tears
Now a days, like me I don't know what to fear
I ain't scared of shit
I ain't scared of death
I'm really of scared of becoming a fucking bitch
Cause man I love my young life
An man I really love it
Saying out all night I don't put nothing above it
I'm all about this money man
I really love the green
That's why I'm always selling on any fuck*ng scene

Cause I'm all about my checks like nikes
So I can't Kick it
I'm strike up in the street like a Dudus
That's why I don't kick it, I don't kick it
Cause I'm all about my checks like nikes
So I don't kick it
I'm strike up in the street like a Dudus
So I don't kick it
I'm all about my checks like nikes
That's why I don't kick it, I don't kick it
I'm strike up in the street like a Dudus

So I can kick now (I can kick now)
I can kick it (I can kick it)
Now I can kick it
I can kick it now
I can kick it now
