

# Lonely Boy

iLoveMakonnen

Uh, yeah  
Um, yeah  
Yeah

Hey lonely girl  
I could be your lonely boy  
Waiting for you all alone  
Hey lonely girl  
I could be your lonely boy  
Waiting 'til you come back home

I been traveling on the road  
Going for days and days  
Still thinkin' 'bout my love  
Still thinkin' 'bout my bae  
Wonder if she feel the same now  
Months gone past  
Wonder if she felt a replacement  
Like I have  
But

Hey lonely girl  
I could be your lonely boy  
Waiting for you all alone  
Hey lonely girl  
I could be your lonely boy  
Waiting 'til you come back home

You've been around the world  
Seeing a lot of things  
Lately you haven't been seeing me  
Can I see your eyes?  
Do you look at other guys?  
When I'm not in your sight  
'Cause I still look for you  
Hopin' it'll be a surprise  
You're the favorite thing in my sight

So, lonely girl  
Let me be your lonely boy  
Waiting for you all alone  
Hey lonely girl  
I could be your only boy  
Waiting 'til you come back home

When I see you again  
I don't care if it's with friends  
I'm gon' give you all my love  
I'm gon' give you so many kisses  
I know that you been feeling sad 'cause  
I'm not around to hold you  
I've been feeling the same way

Lonely girl  
I could be your lonely boy  
Waiting for you all alone  
I could be the only boy

Waiting for my only girl  
Waiting here all alone  
So, lonely girl  
Let me be your lonely boy  
Waiting 'til you come back home  
Hey lonely girl  
Let me be your only boy  
'Cause baby it's a lonely world  
I could be your lonely boy  
You could be my lonely girl  
'Cause baby it's a lonely world  
So let me be your lonely boy  
And you could be my lonely girl  
Out here in this lonely world  
Hey lonely girl  
Let me be your lonely boy  
Waiting for you all alone  
I could be your only boy  
And you could be my only girl  
In this little lonely world
