

# Beautiful Distraction

Ilse DeLange

[Verse 1]

You found me  
Singing songs about the rain  
I found you  
I couldn't find words to explain  
How you were the day I was the dark of night  
How the world spun around us like a satellite  
How you met me in the middle and I held on tight

[Chorus]

You will always be my beautiful distraction  
One part sweetness two parts passion  
Everyday you make me feel brand new  
You asked for my heart not perfection  
The first one to lead me in the right direction  
This crazy world won't change the same old me  
Who loves the same old you

[Verse 2]

You brought me back  
When I'd forgotten how to fall  
To fall in love  
Showed me I could have it all  
And not give up a single thing I am  
When I said I couldn't you said  
Yes we can  
It took me all this time now I understand, I do

[Chorus]

You will always be my beautiful distraction  
One part sweetness two parts passion  
Everyday you make me feel brand new  
You asked for my heart not perfection  
The first one to lead me in the right direction  
This crazy world won't change the same old me  
Who loves the same old you

[Bridge]

Here I am talking about forever  
Never thought I'd say it, never ever  
Hold me once, hold me twice, hold me for the rest of my life

[Chorus]

You will always be my beautiful distraction  
One part sweetness two parts passion  
Everyday you make me feel brand new  
You asked for my heart not perfection  
The first one to lead me in the right direction  
This crazy world won't change the same old me  
Who loves the same old you
