Ilse DeLange

I'm feelin' like a misfit, you're the big hit, got addicted to
First time, I didn't like it, now I need it, double dose of you
You got me feelin' helpless, I'm a big mess, with the wrong tattoo
You're lookin' like an angel, but a halo, doesn't make it true

My heart, you know, just doesn't wanna let you go
This game, insane, keep standing in the pouring pain

But, ooh, how I, how much I love (I do love to love you)
Don't know why, I die for love (I do love to love you)
How I cry, when I'm in love (I do love to love you)
Try and try, to stay in love (I do love to love you)

Some people say I'm stupid, shoot the cupid, with the attitude
Too late, to be projected, been injected, by a fix of you
I'll bust it outta rehab, flag the first cab, take it to your door
No matter how I fight it, can't deny it, comin' back for more

I fell, so deep, a kinda love that makes me weep
Your skin, my sin, but I would do it all again

'Cause, ooh, how I, how much I love (I do love to love you)
Don't know why, I die for love (I do love to love you)
How I cry, when I'm in love (I do love to love you)
Try and try, to stay in love (I do love to love you)

Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)

I let down my defenses, lose control of my senses
Boy, this love is expensive, but it's forever endless
Now I know there is no doubt, we will love 'till we bleed out
I do love, yeah, I love to love, to love you

Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)

Ooh, how I, how much I love (I do love to love you)
Don't know why, I die for love (I do love to love you)
How I cry, when I'm in love (I do love to love you)
Try and try, to stay in love (I do love to love you)

Nanana, nananana (I do love to love you)
Nanana, nananana (I do love to love you)
Nanana, nananana
