Howlin'

Drink shots 'till the bottom
Feels good, so don't bother
No more taming 'bout my color
I swing 'till I get what's the problem
I ain't follow simply what I see
I go follow what I need
'Cause I see that I'm loyal
I'mma go on my speed
Even I'm slow

Don't call me, I'm drivin'
I just wanna keep on ballin'
Even tho when you are hatin'
Grab me when I'm fallin'
'Cause I make myself so lonely
You know that I'm howlin'

I don't celebrate 'till I make it 'till the end
Ain't time for the hol' up
You want me be a shade, but I'm made for a big wave
Ain't time for the hol' up

I don't celebrate 'till I make it 'till the end
Ain't time for the hol' up
You want me be a shade, but I'm made for a big wave
Ain't time for the hol' up
Hol' up

Full of misery
I've been tryna get this over

I'll let it be
Now I'm feeling sober

Burning like a fire
But I don't feel myself enough

What's my desire
But I don't wanna feel enough

Don't call me, I'm drivin'
I just wanna keep on ballin'
Even tho when you are hatin'
Grab me when I'm fallin'
'Cause I make myself so lonely
You know that I'm howlin'

I don't celebrate 'till I make it 'till the end
Ain't time for the hol' up
You want me be a shade, but I'm made for a big wave
Ain't time for the hol' up

I don't celebrate 'till I make it 'till the end
Ain't time for the hol' up
You want me be a shade, but I'm made for a big wave
Ain't time for the hol' up
Hol' up
