

## Better Than Knife

Ima Robot

I, I'm lucky to be here  
I, I'm so happy I'm here  
All I want is this, all I  
I want this my whole life

I'm, I'm lucky to be alive (Alive)  
I'm, I'm, I'm lucky I'm alright (Alright)  
All I want is this, all I  
I want this my whole life

And the drugs that we did didn't do shit  
And the trip back from Amsterdam's the pits  
And the days that we never got to know  
Kick, kick, sick, sick on the bathroom floor  
And the way we never felt at home  
Guess that's why we would always roam  
I want it my whole life  
I want it my whole life  
Hey, hey, life better than knife

Come on  
That's right

I'm super psyched that I'm alive (Alive)  
I'm, I'm, I'm so grateful I'm alright (Alright)  
All I want is this, oh yeah  
I, I want my whole life

And the drugs that we did didn't do shit  
And the trip back from Amsterdam's the pits  
And the days that we never got to know  
Kick, kick, sick, sick on the bathroom floor  
And the way we never felt at home  
Guess that's why we would always roam  
I want it my whole life  
I want it my whole life  
Hey, hey, life better than knife
