

# Let's Talk Turkey

Ima Robot

Life, a reaction to emptiness  
Time continues for the Boogyman  
Just give me one chance  
To feature you in sunshine  
And we could both dance  
The aphids swarm away

Hello, hello  
Losing concentration  
Losing motivation  
Losing ground

Solo, solo  
Don't like moderation  
Starved for conversation  
Are you down?

Love, a reaction to some soft skin  
What about trust?  
I've seen it here and there  
Just give me some girls  
Be careful what you wish for  
So take me out  
Woo, honey, let's go dancing

Hello, hello  
Losing concentration  
Losing motivation  
Losing ground

Solo, solo  
Don't like moderation  
Starved for conversation  
Are you down?

Don't stop wasting people's time  
One day, soon you're gonna shine

Hello, hello  
Losing concentration  
Losing motivation  
Losing ground

Solo, solo  
Don't like moderation  
Starved for conversation  
Are you down?

Hello, hello
