

# Rough Night

Ima Robot

Sitting like an Indian waiting for your words to pass through me

Wondering to see you my friend again

Saying your name repetitiously like an insane person

Wanting to just see you my friend again

I could've saved you, I could've saved you

I could've saved you, I could've saved you

I could've save you, I failed you

I failed you, I failed you (I didn't)

I don't know what to do, I don't just do something else

Where are you now? where are you now?

Where are you now? where the fuck are you now?

Huh? should have I saved you? should have I saved you?

Are you alright? are you alright?

Are you alright? are you alright?

Funny things I don't feel so bad or I'd offer

Its not that I don't agree, its just that I don't believe (there's no god)

Silly things I know they are bound to happen

Wondering to see you my friend again, again

I could've saved you, I could've saved you

I could've saved you, I could've saved you

I could've save you, I failed you

I failed you, I failed you (I didn't)

I don't know what to do, I don't just do something else

Where are you now? where are you now?

Where are you now? where the fuck are you now?

Huh? should have I saved you?, should have I saved you

Are you alright? are you alright?

Are you alright? are you alright?
