Sing Boy

Ima Robot

Rub that enemy from your early eyes
Shake and shout off that suicide suit
You're headed for big things
Boy you're going to a place up in the sky
A big old bus will take you there
Now come on don't be shy
They're waiting there for you
You better go now

Sing boy, for goodness sake
One more, before you break
And cry
You cry
Praise love, your songs are good
Spread love, just like you should
And I
And I

See that sea of smiles dripping off of you
Kneel to your image drinking mountain dew
We want to hear your famous tune of imaginary guns
Where all your dreams are in full bloom
In someone else's yard
We're waiting here for you
Come let it go now

Sing boy, for goodness sake
One more, before you break
And cry
You cry
Praise love, your songs are good
Spread love, just like you should
And I
And I

Ooh ooh and I
You save yourself (ooh ooh and cry)
Save yourself (ooh ooh and cry)
Save yourself

They're waiting there for you
You better go now

Sing boy, for goodness sake
One more, before you break
And cry
You cry
Praise love, your songs are good
Spread love, just like you should
And I
And I
