

A-OK

Imagine Dragons

I been burnin' those candle ends
I been makin' some cool-ass friends
I been livin' my bestest life
Yeah, I'm livin' my bestest life
I don't give a damn what they say
I woke up and I'm A - OK
I been livin' my bestest life
Yeah, I'm livin' my bestest life

I remember bein' young
I remember bein' young and in love
And everything was fun
Then there was responsibility
Then you lose your friends and you find some enemies
I remember simple days
I remember playin' cops and robbers in the yard
I remember bein' soft and young and now I'm hard
And now I got bills to pay pilin' up

I been burnin' those candle ends
I been makin' some cool-ass friends
I been livin' my bestest life
Yeah, I'm livin' my bestest life
I don't give a damn what they say
I woke up and I'm A - OK
I been livin' my bestest life
Yeah, I'm livin' my bestest life

But lately
Something in the air got me thinkin' that maybe
I should take my life more seriously
More seriously
Nah

I been burnin' those candle ends
I been makin' some cool-ass friends
I been livin' my bestest life
Yeah, I'm livin' my bestest life
I don't give a damn what they say
I woke up and I'm A - OK
I been livin' my bestest life
Yeah, I'm livin' my bestest life
