

Destroyed

Imagine Dragons

I can see my reflection in your eyes
But don't get caught, and don't get caught
All the little secrets that you'd hide
But don't get caught
Don't get caught up in the memories of what we had
It's such a beautiful thing but it's over now, ooh

I can see all the laughter in your eyes
But don't get caught, and don't get caught
All the times that the tears were in your eyes
But don't get caught

I'm destroyed by you
Destroyed by you
I'm destroyed by you
Destroyed by you

If I could give you protection from this pain
Give you life, give you health
All the time that I spent inside my shame
Asking why
Getting caught up in the memories of what we had
It's such a beautiful thing but it's over now, ooh

I can see all the laughter in your eyes
But don't get caught, and don't get caught
All the times that the tears were in your eyes
But don't get caught

I'm destroyed by you
Destroyed by you
I'm destroyed by you
Destroyed by you
